

Immunize Wisconsin Coalition Celebrates Mini-Grant Program Awardees, Powering Vaccination Efforts Statewide

[Statewide] - [6/23/2023] - Immunize Wisconsin (Immunize WI) is thrilled to announce the outstanding recipients of our inaugural Grant Program. These remarkable organizations have been selected as grantees and partners, joining us in our shared mission to enhance public health and elevate vaccination rates across Wisconsin. We extend our heartfelt congratulations to the following esteemed organizations:

Hmong American Center
Bayfield County Health Department
Dane County
Eau Claire City-County Health Department
City of Praise Inc.
Equal Protection Council

Immunize Wisconsin was established in 2022 with generous support from the Wisconsin Department of Health Services and the Wisconsin Chapter of the American Academy of Pediatrics. Our coalition serves as a robust statewide platform, fostering collaboration, and promoting evidence-based practices among organizations and individuals dedicated to vaccination and public health.

These exceptional grantees have demonstrated unwavering commitment to vaccination advocacy and have proven instrumental in improving immunization rates within our communities. Their exceptional work perfectly aligns with our mission to make a substantial impact on the health and well-being of Wisconsin's residents. We are thrilled to provide unwavering support and valuable resources to empower these organizations in achieving their project goals.

Immunize WI firmly believes in the power of collaboration and knowledge sharing. We are cultivating an environment that fosters support and facilitates connections among our grantees. By learning from one another's experiences and sharing insights, we can collectively develop sustainable solutions that enhance vaccination efforts across Wisconsin. Our commitment remains unwavering in providing access to the latest research, guidelines, and resources in the field of immunization and public health. Through these efforts, we empower our grantees to implement effective strategies and create lasting impact within their communities.

We wholeheartedly commend the dedication and invaluable work of our grantees, whose accomplishments will be recognized and celebrated. We will actively promote their achievements through our extensive communication channels, amplifying their impact and inspiring others to prioritize vaccination and public health. We are excited to extend a warm welcome to these exceptional organizations as partners in our Grant Program. We are honored to collaborate with them and eagerly anticipate our collective efforts in creating a healthier, more equitable future for all residents of Wisconsin.

Together, we can make a significant difference in improving health outcomes and achieving true health equity!
