

***You're already making
all the right choices
for your family***

Let's add one more:
routine and
recommended vaccines

**IMMUNIZE

Stronger Families Start with Smart Choices.

Stay safe. Stay protected.

You're doing a great job protecting your family! From seatbelts and helmets to healthy snacks and doctor visits – you do what you can to keep them safe!

Vaccines are an easy, proven way to add one more layer of protection. Vaccines:

- ✓ Help kids stay in school
- ✓ Protect older family members and vulnerable people
- ✓ Keep your schedule running smoothly
- ✓ Limit missed work, surprise medical bills, or extra childcare

And they're recommended by doctors and pediatricians you already trust!

Talk to your doctor today to get your family up to date on recommended vaccinations.

**You've got this, and
we've got your back!**
